

## **Beth McClenaghan**

Beth McClenaghan is a graduate of the University of Waterloo and Queen's University in Canada. She is a research scientist at the Geological Survey of Canada where she has worked for the past 28 years and is Head of the Geochemistry Section. Her research focuses on methods development for the application of till geochemistry and indicator mineral to mineral exploration in glaciated terrain, with particular emphasis on diamonds, and precious, base, and strategic metals. She is an Adjunct Professor at Queen's University and supervises the indicator mineral research of several graduate students at Queen's and other Canadian universities. Beth has been a member of the Association of Applied Geochemists (AAG) since 1985, a Fellow of the AAG since 1993, and the Editor of the Association's quarterly newsletter EXPLORE since 2006.
